Glen Eira College recognises that there are many other types of inappropriate student behaviours that do not meet the definition of bullying which are also unacceptable at our college. These other inappropriate behaviours will be managed in accordance with our Student Code of Conduct and Student Wellbeing and Engagement Policy and Equal Opportunity policy.

This policy applies to all college activities, including camps and excursions.

POLICY

Definitions

Bullying

In 2018 the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying Prevention Policy

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records)

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Bullying can be:

1. *direct* physical bullying – e.g. hitting, tripping, and pushing or damaging property.
2. *direct* verbal bullying – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect* bullying – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

Cyberbullying is direct or indirect bullying behaviours using digital technology. For example via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio

Other distressing behaviours

Many distressing behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing behaviours should report their concerns to college staff and our college would follow the Student Wellbeing and Engagement Policy and Student Code of Conduct.

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of harassment, nastiness or physical aggression are not the same as bullying. If someone is verbally abused or pushed on one occasion, they are not being bullied. Harassment, nastiness or physical aggression that is directed towards many different people is not the same as bullying. However, single episodes of harassment, nastiness or physical aggression are not acceptable behaviours at our college.

Bullying is not:

- the making of genuine compliments
- behaving with common courtesy or showing friendship
- being reminded of responsibilities such as homework, behaving properly in class, or being disciplined as stated in the Rights and Responsibilities policy
- when two young people of about the same strength have the odd quarrel

INCIDENT RESPONSE

Reporting concerns to Glen Eira College

Bullying complaints will be taken seriously and responded to sensitively at our college. Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to college staff as soon as possible.

If a student is being bullied or sees another person being bullied, they should:

STEP 1

Take direct personal action.

Make it clear to the person who is bullying you that you don't want him/her to continue doing it. Speak up. Say how you feel.

Sometimes it is not possible to speak to the person who is bullying because it may make the situation worse or because it makes you feel at risk. In this case, go straight to STEP 2.

STEP 2

Talk to someone you trust - parent, a teacher, YLC, the Student Wellbeing Leader, school nurse.

STEP 3

Make a formal complaint of bullying. Reporting can be verbal or written and made to your YLC or any member of staff with whom the student feels comfortable.

Bullying Prevention Policy

Parents or carers who may develop concerns that their child is involved in, or has witnessed bullying behaviour at Glen Eira College should contact the Student Wellbeing Coordinator, Jenny Sanchez on 9571 7838.

Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Glen Eira College are timely and appropriate in the circumstances.

Investigations

When notified of alleged bullying behaviour, college staff are required to:

1. record the details of the allegations on XUNO and
2. inform a teacher (usually the Year Level Coordinator)

The Year Level Coordinator will be responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the teacher may:

- speak to the students involved in the allegations, including the victim/s, the alleged perpetrator/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above

All communications with the teacher in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour. Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see: [Brodie's Law](#).

Responses to bullying behaviours

When the teacher has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and support affected students in consultation with the relevant staff such as Student Wellbeing Team, teachers, Assistant Principal, Principal, Department of Education and Training specialist staff etc.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Glen Eira College will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the victim student
- whether the perpetrator student or students have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the perpetrator demonstrates insight or remorse for their behaviour
- the alleged motive of the behaviour, including any element of provocation

The College may implement all, or some of the following responses to bullying behaviours:

- offer counselling support to the victim student or students, including referral the student wellbeing team
- offer counselling support to the perpetrator student or students, including referral to the student wellbeing team

Bullying Prevention Policy

- offer counselling support to affected students, including witnesses and/or friends of the victim student, including referral to the student wellbeing team
- facilitate a restorative practice meeting with all or some of the students involved. the objective of restorative practice is to repair relationships that have been damaged by bringing about a sense of remorse and restorative action on the part of the person who has bullied someone and forgiveness by the person who has been bullied
- facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process
- implement disciplinary consequences for the perpetrator students, which may include removal of privileges, detention, suspension and/or expulsion consistent with our student wellbeing and engagement policy, the ministerial order on suspensions and expulsions and any other relevant department policy
- facilitate a student support group meeting and/or behaviour support plan for affected students
- prepare a safety plan or individual management plan restricting contact between victim and perpetrator students
- provide discussion and/or mentoring for different social and emotional learning competencies of the students involved, including connecting affected students with an older student mentor or resilience programs
- monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary
- implement year group targeted strategies to reinforce positive behaviours, for example a program created by our School Health Nurse

The teacher is responsible for maintaining up to date records of the investigation of and responses to bullying behaviour on XUNO.

Glen Eira College understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, college staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.
