

Glen Eira College

Glen Eira College Parents Association

Dear Parents and Carers,

You are invited to join the Glen Eira College Parents Association (GECPA). We are **an informal group of parents who act as a link between our parent community and the college**. We support GEC and run events throughout the year to enable families to meet and socialise and raise funds for the college. We organise second-hand uniform stalls, cinema evenings and walking groups.

You can also volunteer to be your child's class Year 7 Coordinator. Supported by GECPA, the Year 7 **Coordinator** encourages participation and attendance at GECPA and school events and can organise a small number of informal parent and carer events for your child's class, such as coffee catch-ups.

With your permission, **GECPA would like to add your contact details to the Year 7 contact list** that will be distributed to all Year 7 parents and carers early in the academic year. You can use the list to initiative contact the parents and carers of your child's friends directly. From past experience, this helps families to settle in and get to know their child's new school, as the jump from primary to secondary schools is a big one.

Similarly, only with your permission, GECPA will include your email address in our distribution list so that you can be notified of upcoming events at school while your child remains at school. You can opt out any time by unsubscribing.

You will only be added to the Year 7 contact list / GECPA mailing list by completing this short survey.
